Re: Notice of Oral *Ex Parte* Presentation in CC Docket No. 94-102.

Dear Ms. Salas:

On Tuesday August 21, 2001, members of Motorola and Nokia met with members of the FCC staff to discuss implementation of Phase II for wireless enhanced 911 service. Mary Brooner of Motorola, Leo Fitzsimon of Nokia, Tom Dombrowsky and Bob Pettit of Wiley Rein & Fielding LLP met with Monica DeSai of Commissioner Martin's office and Peter Tenhula of Chairman Powell's office.

The purpose of each of these meetings was to discuss the availability of location-enabled handsets and to address concerns of Motorola, Nokia, and Ericsson about resolution of the pending Phase II implementation waivers.

In accordance with the Commission's rules, an original of this letter is being electronically filed for inclusion in the relevant docket file. If you have any questions or need any additional information, please let me know.

Sincerely,

/s/ Thomas S. Dombrowsky
